LOCALWIRE.MEDIA

— WHO WE ARE

A trusted local press, *opened to your brand.*

Real, actively-publishing news and lifestyle sites — reached directly, without the multi-layer resale delays between your brief and a live placement.

LocalWire provides a regional network of news and lifestyle publications — offering guest-post placements, contextual link insertions, and local SEO visibility.

Our publications serve New Jersey's Jersey Shore communities and the greater Philadelphia and Bucks County region: real news and lifestyle sites with engaged, hyper-local readerships across two core markets.

Every placement runs with editorial oversight and fast indexation — **permanent, do-follow, and built to last.** Because we work directly with the network, your brief reaches a live placement without resale delays in between.

Three ways to place

Guest Post

A full editorial article published under a relevant local topic, with contextual do-follow links back to your site.

Link Insertion

A contextual do-follow link placed within relevant, already-published editorial content on a network title.

Brand Mention

Your brand referenced naturally inside local news and lifestyle coverage to build presence and authority.
